

The workshop Description and Schedule is as follows;

## **Task 2 Community Workshop #1 - DESCRIPTION**

This information gathering worksession will take place in City Hall and be conducted over a two-day period on September 22-23, 2021. During the workshop, informal stakeholder “interviews” will be held on a “drop-in” basis, with individuals representing business owners, property owners, residents of Las Animas, City Council, City staff and engineers, CDOT representatives, arts groups, youth groups and others interested in contributing creative ideas. The Project Leadership Team will participate in the interviews and oversee the process.

Information and feedback from this community engagement effort will form a foundation for developing creative ideas reflecting a vision that the group establishes. During this workshop, Leggitt Studio will be developing plan drawings, hand drawn sketches and 3D computer models of ideas offered by the community.

## **Task 2 Community Workshop #1 - SCHEDULE**

**Wednesday September 22** 10:00am - 5:00pm City Hall  
Informal “drop-in” stakeholder interviews. Please arrive whenever the timing works best with your schedule. Jim Leggitt will be there all day to discuss the project with you.

**Thursday September 23** 8.00am - 3:00pm City Hall  
Informal “drop-in” community engagement will continue throughout this second day. Jim Leggitt will offer a 60-minute summary presentation at noon to all interested individuals. The workshop will conclude at 3:00pm
