

Project Approach for Workshop #2

To: Scott Peterson
Firm: City of Las Animas
Address: Las Animas, CO 81054
Phone: (719) 456-0806
From: Jim Leggitt, FAIA
Date: November 10, 2021
Project: **Las Animas Downtown Resiliency Plan**

Workshop #2 Description and Schedule is as follows;

Community Workshop #2 - DESCRIPTION

This design focused worksession will take place in City Hall and be conducted over a two-day period on November 16-17, 2021. During the workshop, Leggitt Studio will continue to solicit feedback and creative ideas from the community for enhancements to the Downtown study area. Multiple design options will be developed and evaluated during the workshop with the goal of reaching a consensus and preferred design direction at the end of the workshop. Workshop #2 will begin with a Tuesday morning presentation summarizing all of the work to date. Leggitt Studio will continue throughout the day to develop design ideas and present them at the end of the day during an informal gathering, open to the Las Animas community.

The workshop will continue throughout Wednesday and conclude with a formal early afternoon presentation to all participants and stakeholders. All work generated during Workshop #2 will be documented and presented in a summary report.

Community Workshop #2 - SCHEDULE
